PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1a.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

A double-secured military storage area is located approximately 4.7 kilometers (km) north of Gornyy (Figure 1).

The installation covers 190 acres and contains 27 storage buildings, 2 probable barracks, 19 miscellaneous support buildings, and 9 guard towers. A possible small-arms firing range and

a control building are located immediately west of the installation (Figures 2 and 3).

missions of interpretable KEYHOLE photography covered the area between

Three buildings were removed from the southern periphery of the installation during this period.

DESCRIPTION OF INSTALLATION

Railroad Service

A spur from the Pugachev-Gornyy single-track railroad branches into 3 tracks within the installation. There are numerous rail cars present within the facility.

Road Service

Surfaced roads supplement the railroad service.

Aircraft Landing Strip

A sod landing strip is located approximately 7.5 km southeast.

Administration and Troop Housing Area

Area D contains 11 miscellaneous support buildings and 2 multistory probable barracks.

General Storage Area

Area E is doubly secured and contains 25 storage buildings, 2 possible storage buildings, 1 probable security building, and 7 miscellaneous support buildings. The entire site is in a deforested area.

Other Buildings

Nine guard towers (H) are situated around the perimeter.

Small-Arms Firing Range

Area L is a 1,000- by 150-foot small-arms firing range. The area contains 1 probable range control building.
